HALLIAN CHAUFFEUR IN COURT

'WIDEPEN' PROOF IS WITHHELD

Louis Elman, the chauffeur who eloped with Fern Hallian, his employer's eighteen-year-old daughter, last week, and who with the girl was captured in Portland and brought back, was arraigned before Judge H. L. Pratt in the Hingham court today on a charge of abduction.

A committee of fifteen Cambridge ministers and laymen called on Mayor Timothy W. Good today to demand that he remove Commissioner of Public Safety Henry J. Cunningham for neglect of duty.

He pleaded not guilty and his case was continued till next Monday, his bail of \$500 being increased to \$1,000. This fact and the secrecy surrounding the case, led to the belief that a more serious charge might be laid against him.

Mayor Good heard them, at length, demanded their evidence, and when they refused to present the evidence a hot colloquy between him and the Rev. John L. Campbell followed. It went something like this:

Fern Hallian and her mother were outside the courtroom, in a closed limousine with the curtains down. They drove from the Hallian home with Mr. Hallian, in a hired car. They did not leave the limousine during the brief court proceedings.

Mayor Good—I believe Commissioner Cunningham is doing his duty. He can't follow every group of open-shooting boys. I don't believe there is a public gambling house in Cambridge. A crap game or so and three half pints of whiskey last evening to warrant removing the commissioner.

Elman awaits bail. Elman was not able to secure bail at once, and after the arraignment waited till late today for his sister-in-law, Mrs. Max Elman, to bring the \$1,000 bail. In the afternoon he was taken to the Hingham lockup to await this.

Elman, who spent Saturday night in custody after being brought back from Portland, was bailed in \$200 yesterday by Joseph Brown of No. 25 North Russell street, West End. When Judge Pratt reached court today Attorney Michael J. Sughrue, for Mr. Hallian, Attorney Thomas H. MAYOR GOOD—That's your position.

The Complete Knowles Exposure; This Ought to End Knowles

Our esteemed contemporary, the Post, comes to the defence of Joe Knowles. His complete exposure by his guide, Allie Deming, was made in the Sunday AMERICAN. The Post intimates that Deming is a blackmail and a perjurer.

The AMERICAN does not know whether this is true or not. If true, it would seem to prove that none of the persons concerned in the Knowles experiment were fit to be trusted. Uglier words might be used. If Deming is a perjurer, he can be proceeded against under the law. If he is a blackmail, he is also amenable to the law. Just how Knowles himself should be catalogued the AMERICAN refuses to say.

It is a matter for our contemporary to carefully consider and judiciously act upon. We do not believe the public is interested, and we are quite sure this newspaper is not. Let us hear no more of Knowles!

NEW YORK, July 6.—While the police of Freeport, L. I., were searching today for a masked man whom Dr. Edwin Carman, in whose office Mrs. Louise Bailey was shot to death, accused of having tried to assassinate him last night, Sheriff Pettit of Nassau County received from his detective a box of 38 calibre cartridges which was found in the attic of the home of Dr. Carman.

GIRL'S FATHER ASKS ARREST IN CAMBRIDGE

H. W. Frank of No. 24 Pearl street, Cambridge, whose daughter Miss Frank was shot, and who, when she called for help, turned and ran, was sought by the police today. He said that the police have a theory that the cartridge exploded on the car track. To my mind that is very odd. I don't believe it explains the case at all. I shall make every endeavor to find out who the two young men were who ran away, and I'll go the limit in prosecuting this case if it proves to be a case of murder.

The finding of the cartridges led at once to a new and interesting line of inquiry for the reason that Mrs. Bailey was killed with a bullet from a 33 calibre weapon and all of the occupants of the Carman home strenuously denied ever having possessed any such revolver.

When the announcement was made that Mrs. Bailey was killed by a bullet of 33 calibre, every member of the Carman household denied at once that any weapon carrying a bullet of such size had ever been in the possession of the inmates of the home. Two weapons of different size were produced and great stress was laid upon the fact that neither of them could possibly have been used for the crime.

The officials were more interested in the finding of the box of cartridges than they were in the prospects for getting any substantial help from the testimony of the members of the immediate family at today's inquiry.

The cartridges were not turned over to Mrs. Carman or any member of the family. They were found only after a long search. They were concealed under a bundle in the attic, almost at the same spot where Mrs. Carman insisted that she hid the cartridges after taking the machine gun from the broken window, the bullet would have taken an upward turn.

NEW VICTIMS OF KIDNAPING. Mrs. Bailey has been standing in the position indicated by Dr. Carman when the crime was reconstructed by the officials, and the shot had been fired from the broken window, the bullet would have taken an upward turn.

EXPECT ARREST SQUAD IN BAILEY DEATH PUZZLE

Continued on Page 9, Column 1.

range and came out of the neck instead of the side of the heart. This physical fact, brought strikingly before the officials, led them to seek a new theory of the killing, which would be the cause of the bullet hit with the setting of the scene in the doctor's office.

In addition to the members of the Carman household, including Mrs. Carman's sister and her daughter, there were summoned for the inquest William D. Bailey, widower of the slain woman, and his daughter.

By them the coroner sought to trace the movements of Mrs. Bailey for some time previous to the shooting. It was also the plan of the coroner to ask the young Bailey girl about a telephone conversation she heard some time before the murder in which the name of Dr. Carman figured. The coroner had been informed that the daughter heard her mother mention the doctor's name in the course of a conversation, which fact is thought to have a possible bearing upon the tragedy.

Miss Helen Combs and another young woman who were in Dr. Carman's office on the night of the shooting were also summoned as witnesses at the inquest. At the same time the county officials are tracing all the telephone calls that had come to both the Carman and Bailey homes during the few days prior to the murder.

The detectives thought that they might follow a number of these calls through the exchange records, but they did not explain why they were so anxious to find out who had been doing the telephoning.

SENSATION AT INQUEST.

A new sensation developed in the case today when Cecilia Coleman, cousin in the physician's home, testified at the inquest that Mrs. Carman's lawyer had told her on the morning after the murder in reference to the testimony she would give at the inquest. When the Coleman woman took the stand she made several replies of "I don't know" or "I forgot" to questions put her by District Attorney South until he had to warn her of perjury.

Then he switched to her conversation with Attorney Levy, Mrs. Carman's counsel.

With a few inquiries the district attorney forced an admission that without knowing its contents, she said that she did not read it. It was that the lawyers did not tell her its contents. This affidavit declared that the cook had seen and heard nothing in the kitchen after the shooting. She gave testimony to the same effect today, but admitted that she had not been in her kitchen all the time. While the inquest was going on H. T. Huff, Jr., of Lynn, Mass., reported to District Attorney South that he had tried to shoot a man who was a friend of the slain woman's.

AN ARREST PROMISED.

Sheriff Stephen D. Pettit of Nassau has promised an arrest on the strength of evidence unearthed by him regarding the murder. He suspects a woman.

He announced that the woman would be taken into custody before the end of the week, possibly upon the conclusion of the coroner's inquest, which was resumed today. The sheriff said further that the important evidence in his possession would not be presented at the inquest.

Dr. Carman's report of a second attempt to kill him spurred detectives to renewed activity today. High power automobiles, followed by a posse, were rushed to the scene of the shooting.

Other detectives were dispatched to the nearby towns of Halden, Rockville Centre and Lyndbrook. Before leaving the scene detectives declared that they would examine carefully the territory in the vicinity of the shooting to see where the bullets hit. They declared they want to find one of the bullets so they can compare it with the one extracted from the body of Mrs. Bailey.

A high police official suggested the possibility that Dr. Carman might have been mistaken in believing he was the object of a murder attack. Dr. Carman, however, was positive in his statements and Garden, his companion, confirmed his story.

The authorities placed special

significance upon the fact that the assassin was said to have been riding on a bicycle. During the night following the murder of Mrs. Bailey, when bloodhounds were brought into play, they circled the Carman house and then started off down the same road on which Dr. Carman was returning home when fired at.

The detective who has charge of the hounds at that time said that they had much difficulty in following the scent and returned the better that the person whom they were following was riding a bicycle.

Guardia have been replaced about the Carman house.

Detectives declared today they had been unable to learn the identity of the two women whom Mrs. Carman and Mrs. Powell said they saw leaving the house directly after the murder.

Dr. Carman told the authorities today he feared some person, whom he named, might create a 35-caliber revolver, which one exploded cartridge in it on his property or in his home in an effort to support a theory.

Detectives and uniformed police searching the house admitted that their list of items included something about "the planing of evidence."

Chief of Police Lamb declared positively that the revolver with which the murder was committed had not yet been found.

MOTHER OF MISSING GIRL ILL BY WORRY

Mrs. A. M. Ross, mother of Mrs. Jennie Keenan, who disappeared last Friday, believes her daughter has met with foul play. "I know," Mrs. Ross said, "that if there were not something wrong, she would let me know where she is. It has been impossible for me to sleep at night, and my appetite seems gone."

She left the hotel at 1 o'clock, and two hours later some one telephoned to the hotel that she was unable to come back to work that day. Her description of the missing woman, Ade, twenty-four, weight, 140 pounds, 5 feet 7 inches tall, red, short in middle, eyes, brown, complexion, good, no freckles, clothing, new-piece brown suit, short jacket, white shirt waist, brown stockings, new black shoes, black hat trimmed with daisies and ribbon, jewelry, wedding ring.

Sir Edward Carson Snaubs Mrs. "Nick"

LONDON, July 6.—Mrs. Nicholas Longworth, formerly Alice Roosevelt, made a break at a dinner party the other night which has been the talk of drawing rooms ever since. Sir Edward Carson has been much annoyed for some time by statements that he will shortly marry a niece of Moreton Frewen, the well known writer on political economy. Mrs. Longworth in a loud voice asked him at the dinner: "Wasn't the wedding going to be?" "There is not going to be any wedding," replied Sir Edward curtly.

POLICE DEFIED BY ANARCHISTS IN BOMB PROBE

NEW YORK, July 6.—Defied by anarchists in their investigation of the bomb explosion that caused the death of three men and a woman on Saturday, a squad of detectives detained by Police Commissioner Woods today began search for the plant in which the infernal machine was manufactured.

Though leaders of the anarchists and I. W. W. declared today that the victims of the explosion were not terrorist agents of their organization, the police believe that they had the backing of a ring that has already been given in his hideout since the I. W. W. raids of last Winter.

In this connection the police are searching for the headquarters of a trace of Michael Asquith, alias Michael Murphy, the young agitator who was present when the explosion occurred and reported to Alexander Berkman, the anarchist chief, following the tragedy. Berkman says that

Deaths Cut to 15 Throughout Nation by a Sane Fourth

CHICAGO, July 6.—There were fewer deaths in the United States—fifteen—July 4 this year than for the last sixteen years, save 1889, when but three persons died celebrating. Statistics gathered here show. The injured this year totalled 306. Last year thirty-two died and 1,321 were injured. The property loss so far reported was trivial as compared with \$123,000 last year.

Murphy told him he was going to New Jersey, but the police failed to find any trace of him in the localities frequented by the terrorists in that State.

Convinced that the bomb, which exploded mangled Carl Hansen, Arthur Caron, Charles Berk, and Martin Chavez, was intended for use against the Rockefeller, the police are trying to find the place where it was made.

ASK REMOVAL OF MRS. ANGLE TO NEW JAIL

STAMFORD, Ct., July 6.—Chief of Police Brennan today requested Coroner Phelan to remove Mrs. Helen M. Angle, who is held as a material witness in connection with the death of Walter R. Hall, to the Bridgeport jail. It was expected that the transfer would be made immediately. Considerable friction has developed here between Leonard Blundell, the agent father of Mrs. Angle, and the police department. Moreover, Chief Brennan says that Mrs. Angle is taking up too much time of the jail authorities with her visitors.

Mrs. Angle seemed more cheerful today, and she has become keenly interested in newspaper reports of a tragedy similar in some respects to her own—the mysterious shooting of Mrs. Louise Bailey in Presport, N. J. She said that she would make a statement just as soon as her lawyers permitted. In the meantime a rumor is going around that she has given the police important information.

HAPPENINGS IN SOCIETY

MRS. MARY CHAPIN FETED
 MRS. THAYER ENTERTAINING AT NEWPORT

Hester White of Dorchester, maid of honor at the wedding of her sister, Nina, to Henry Cook.

Prominent among the girls who figured as maids of honor this season is pretty Hester White, whose sister, Miss Nina White, became Mrs. Henry Cook at one of the largest and most brilliant of the many June weddings.

Miss White, when she attended her sister as maid of honor, excited much attention and comment to her becoming gown of silk green satin, and is among the most popular girls of her set, and her friends have all tagged her "best". Her home is at No. 1537 Blue Hill avenue, where the reception following her sister's wedding took place. The young married couple are now in the White Mountains, and upon their return will reside in Mattapan, where Miss White will aid her sister in the large amount of entertaining she has planned for the winter.

Mrs. Mary E. T. Chapin, who sailed recently for Europe, has just arrived in Europe, and is already busy with the whirl of entertainments which are to be given in her home while she is there. Mrs. Chapin will return in September.

Newport society has already interested itself in the photographic studio of Mrs. John C. Fairchild, the Boston society woman whose opening was held last week at her artistic quarters in the Casino. The Duchess of Marlborough was among the first to admire the photographs taken by the artist's Boston woman.

Mrs. Fairchild's studio, fitted up under her personal supervision for artistic "atmosphere" and individuality, fairly surpasses anything that has yet been done in the line, even to the large elite. Artists to her fingertips, with a taste cultivated by trips to the Orient and many European countries, Newport society has already voted her studio both original and fascinating. Mrs. Jack entertained her guests following last week's tennis tournament, and Prince Paul Troubetzkoy, among them, cleverly watched her in general.

Later Mrs. Fairchild gave a dinner at Mrs. Lodge to a coterie of the summer colony, including Mrs. Young, Miss Edith Wetmore, Miss Frederika Dalton, Louis Mellickoff and Prince Troubetzkoy.

Mrs. William Marshall Butler (Mrs. Ingle), whose wedding was an event of last Autumn, is the guest of her mother, Mrs. Oscar Ingle of Boston, who is now at her country place, "Clevercroft," in Stockbridge.

Mrs. Nathaniel Thayer, who since closing her town house, has been at her country estate at Lancaster, is now at her villa in Newport. Mrs. Thayer will, as usual, do much entertaining. Among her guests during the summer will be the Count and Countess Stoltz (Cornelia Thayer) and their young son.

Among Bostonians sailing for Europe on board the Kronprinzessin are Mrs. John Kurnow, Miss J. H. Fairchild, Lester W. Ratterlee, Jr., Mrs. Lester W. Ratterlee, R. C. South

Miss Margaret Seft and Mr. and Mrs. Virgil O. Strickler.

Dr. and Mrs. William E. Cheney are sailing tomorrow on the Franchise for Liverpool. After attending the Clinical Congress of Surgeons in London the doctor will visit Germany in the interest of the French Infirmary. The remainder of the summer will be spent motoring through Normandy.

Mr. and Mrs. Frederic Winthrop are occupying "Grotton House" in Hamilton for the summer. Mrs. Winthrop will later be a guest of Mrs. Nathaniel Thayer of Newport.

Mrs. M. Farmer had as her house guest over the holiday Mrs. Gertrude Tower. Mrs. Farmer is now at her estate at Rose Dock.

Outdoor entertainments are the feature of the July calendar of the Business Women's Club. Tomorrow a motor boat trip down the harbor is planned.

Norton Family Fund Passes \$4,000 Mark

The following is a list of the latest contributions and the total amount of the fund being raised in aid of the family of the late police inspector, Thomas J. Norton.

Paris Suffragists March Minus Police

PARIS, July 6.—The feature of the French Suffragists' demonstration here was the absence of the police, who are usually indispensable at all manifestations in the French capital. Another distinctive feature was the large number of advocates of the franchise for women who carried olive branches.

Seriously Burned by Matches.

Miss Barnes, four, daughter of Mr. and Mrs. Henry B. Barnes of No. 55 Prospect street, Dorchester, is at the City Hospital in a serious condition as the result of burns received while playing with matches.

SEEN DAUGHTER ABDUCTED

Phillip Gould, well born and well educated, a member of the "Fast set" in Paris, has lived by his wits for years. With no object in life save the pursuit of pleasure, he gave no thought to the future. He was seen in Paris when the sowing of the seeds of inquiry was done, and his daughter carried into shame and ruin. He was seen to help her. The traces of sin is sometimes worse than death, as we will realize when you read "Barbara," by Phyllis A. K. in the July number of "Common

BRITONS BET ON WELSH'S CLEVERNESS TO WIN TITLE BOUT FROM WILLIE RITCHIE

RITCHIE MEETS WELSH IN BIG TITLE BATTLE

BOUTS TONIGHT
Willie Ritchie vs. Freddie Welsh.
London, Eng.
B. Barnes of New Jersey vs. Jim
Wendell, Rockaway.
Gladys Heywood vs. Young Tapper
and M. Fisher vs. Kid Young, New York.

By JACK CONWAY
A long list of boxing bouts will be
defended this week, but the one
most enthusiastically by the crowd
round international battle between
Willie Ritchie and Freddie Welsh.
Welsh will be held in London, tonight
at night. It is the most important
fighting contest which has been arranged
in many months and the result of
the bout will be anxiously
awaited by sportsmen here
throughout the world.

The bout is expected to be a fast,
thrilling affair with a skillful boxer
beating his wily opponent at the
end of the evening, while Ritchie, who
probably is, will show a knockout
punch.

Ritchie is the world's lightweight
champion and one of the greatest
lightweights that ever developed in
the United States in recent years.
He is from England, light in weight
and has a record of 10 wins and 10
losses. He is a very clever boxer
and has a very good record.

As for his experience, Welsh
has a little something about him.
He is a very clever boxer and has
a very good record. He is a very
clever boxer and has a very good
record. He is a very clever boxer
and has a very good record.

Scene: A cafe. Cast of characters: A party of guests.
First Gent.—That Johnson-Moran thing must have been awful, huh?
Well, I wasn't surprised. It looked screwy to me all along. Just the other
day, I saw him in the ring. He was a real fighter. He was a real fighter.
Second Gent.—I saw eighteen bucks on Moran. Of course, I figured it
was a con-man's trick. But I read Billy Brady's story about it being a close
thing. And I thought Billy must be in-land. I'll never believe a word
that Brady says again.

Third Gent.—I'll take the same. You know, at that, it served those
Paris people right to have something handed to 'em. I'm not sorry to see it.
They're just a lot of foreigners, anyway.

Fourth Gent.—I'll take the same. You know, at that, it served those

TAMM RACES BIKE FEATURE AT BEACH OVAL

Three all-star events are slated
for the Beach Oval race tomorrow,
among which will be the introduction
of tandem racing.

The two other big events will be
a four-circuit sprint match between
Joe Wagner, Freddy Hill, the Water-
house boys, Frank Cavanaugh and
Iver Lawson, and a three-circuit
mile water-wheel race with
Eddie Ross, Jimmy Moran and Percy
Sweeney as the riders.

Tandem racing had to have been
shown at Revere for the first time in
last Tuesday night, but the bad
weather necessitated putting it over
to tomorrow night. The teams in
the tandem race will be picked from
Foggy, Bill Lawson and Cavanaugh.

The introduction of tandem races
the rapid strides with which the bike
game has been coming along in this
section.

Bill and Cavanaugh are one of the
cleverest and best teams in the tan-
dem game. They have it down so
that they have lost but one race this
season.

The spirit and motor-power race
will surely share interest with the
tandem events. The latter race will
mark the return of Jimmy Moran,
the old Chelsea favorite, after an
absence of almost a year.

Manager Nat Walter has received
word from Mike the Barber that he
will make a comeback in the tan-
dem game. He is a very clever rider
and has a very good record.

Sidelights on Sports

By A. H. C. MITCHELL

"I'm rooting for the Red Sox to
win the pennant in the
American League," declared Presi-
dent Calhoun of the Braves be-
fore leaving for New York, "and
I think they have a great
chance to win."

The Braves are going back just
one. They had a fine win-
ning streak during the month of
June, but the Phillies and the
Dodgers came along and put a
crimp in them. It will take a
great lot of playing in the
West, without Stalling and his
team, to get into the pennant
race in seventh place. Then
the Braves are going against
them as they nearly always will
with a losing team.

It will doubtless on the team
down to get out on the road.
The Phillies are going to play
in Washington today and then
they will have to meet the West-
ern giants in turn. Here is the
schedule for the rest of the season:
Chicago-July 7, 8, 9, 10.
Cleveland-July 12, 13, 14, 15.
Detroit-July 16, 17, 18, 19.
St. Louis-July 20, 21, 22, 23.

It is a good bet that the

Stocks were stronger, meeting on

higher level and the night session

continuing all the morning and over

midday. Most advances were small,

but Northern Pacific was notable

advance, steel moved up, and

range and was anchored for awhile

when it touched 42. It is expected

that the government can afford to

take this week will have a sustaining in-

fluence on prices. The general im-

pression regarding the rate decision

which may come within a few days

is that it will not allow the roads

to much of an advance as they asked

for. There appears to be more hope

that general trade is going to im-

prove.

Early afternoon gains in New York

included Southern Pacific, Missouri

Pacific, Reading, Lehigh Valley

and New Haven. American Tele-

phone, American Canal, Steel, A-

merican Express, American Smelt-

ing, Northern Pacific, Baltimore &

Ohio, and Union Pacific. Copper

in Boston Union Trust

declined 1/2 cent. American Telephone

and Electric, American Smelting and

Refining, and Union Pacific were

lower.

STOCKS AND BONDS.

Stocks were firm in New York

and that market opened and the

list ranged higher from the start.

London Americans had been irregular

with the majority of them showing

advance. There was a general

advance in New York all the morning.

First list of the day showed

shares. There was a narrow range

in the market. There had been no

change in sentiment over the

market. The market was
